Notice of Fee Increase on October 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on October 1, 2003. See Revision of Patent Fees for Fiscal Year 2004; Final Rule, 68 Fed. Reg. 41532, 41533, 41534 (July 14, 2003).

The current fee schedule is accessible from (http://www.uspto.gov/main/howtofees.htm).

If the fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due" but not the correct amount in view of the fee increase, a "Notice of Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice of Pay Balance of Issue Fee," if the response to the Notice of Allowance is to be filed on or after October 1, 2003 (or mailed with a certificate of mailing on or after October 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously-paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Effective October 1, 2003, 37 CFR 1.18 is amended by revising paragraphs (a) through (c) to read as set forth below.

Section 1.18 Patent post allowance (including issue) fees.

(a) Issue fee for issuing each original or reissue patent, except a design or plant patent:

(b) Issue fee for issuing a design patent:

(c) Issue fee for issuing a plant patent:

By other than a small entity......\$640.00

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Matsumoto et al (US Patent No. 5,854,540), Hashimoto et al (US Patent No. 6,091,380), Moon (US Patent No. 6,344,841), Youn (US Patent No. 6,420,830), Awamoto et al (US Patent No. 6,452,590), and Yoshida et al (US Patent No. 6,489,722) are made of record for teaching a plasma display panel and the method for driving such a display device. However, the prior art of record fails to teach a method for driving a plasma display panel in which a plurality of display electrodes constitutes an electrode pair for a surface discharge of each row and is arranged so that one electrode is shared by two neighboring rows for display, the method comprising the steps of applying a address signal to one display electrode of the electrode pair temporarily, making a cell-selecting voltage applied to interelectrode AY between the display electrode and the address electrode for the addressing lower than a discharge starting voltage of the interelectrode AY; and applying a row selecting voltage that is lower than a discharge starting voltage of interelectrode XY between the display electrodes of the electrode pair corresponding to the selected row to interelectode XY so as to generate an address discharge.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
